INFORMATION CIRCULAR

To: Members of the staff

From: The Assistant Secretary-General for Human Resources Management

Subject: UNITED NATIONS MEDICAL SERVICE

Temporary restriction of services

1. The purpose of the present circular is to inform staff members that the United Nations Medical Service is undergoing a major office reconstruction from now to mid-January 1993. Because of the disruption involved during this period, the Medical Service will only be able to deal with severe medical emergencies of staff members, General Assembly delegates and visitors and to perform some of the mandatory medical examinations. Service for vaccinations for international travel will not be affected.

2. The laboratory facility will be moved temporarily to the Medical Unit located in the DC1 building; laboratory procedures will be limited to the needs of the above-mentioned medical services.

3. The understanding and cooperation of staff members in keeping visits to the Medical Service to a minimum during the affected period would be highly appreciated.
